

What is the Downtown Security Network (DSN)?

The Downtown Security Network (DSN) is a Downtown BIZ-led, Winnipeg Police Service-endorsed safety initiative connecting downtown business owners, property owners, and security teams with each other and with the police and BIZ. The DSN allows members to share resources and communicate immediately about safety issues in order to reduce crime and improve downtown safety.

By joining the DSN, you will know immediately when incidents occur, allowing you to take added precautions to protect your customers, staff and property. Issues will also be communicated immediately to police and the broader network, encouraging everyone to be alert.

The DSN is a proactive, local solution modeled on successful networks in Minneapolis and Portland, Oregon. We also catalogue all downtown cameras to help the Winnipeg Police Service solve crimes.

Membership Benefits

- Training programs and workshops for your staff hosted by the WPS, Manitoba Public Insurance and the BIZ on topics like car vandalism prevention and dealing with panhandlers
- Stay in the loop of our lobbying efforts to improve downtown safety and join us in our efforts
- Ask questions to the police first hand at bimonthly town hall meetings
- Access the DSN members-only website
- Join our DSN Message Board to openly discuss safety issues with other members
- Receive posters and decals for your staff and clients about the services we provide

DSN Town Hall Meetings

Town Hall meetings are held bimonthly with DSN members, with a chance to get an update about the DSN, share ideas, hear from WPS representatives, and ask police your questions directly. Becoming a member also gives you access to numerous safety related workshops.

E-Alert Network

DSN members communicate issues immediately to the entire group via e-mail and/or text message so everyone can keep a lookout. Serious criminal activity is reported first to police, then to the DSN. Minor offences such as thefts from offices, hotels, and vehicles, shoplifting, and smash and grabs (car or property) are sent out to the network, especially if there is a photo of a suspect to watch for. These are minor crimes that are affecting our businesses but never dealt with. The DSN is a great resource for business owners, etc, to use to help our WPS catch these crimes.

Who can join the DSN?

DSN membership is **free** for Downtown BIZ and Crown Corporation members, with a small annual fee for others. Anyone downtown with a vested interest in public safety can become a member, including small business and property owners, building and residential property managers, and security personnel.

Join the DSN!

Contact Chyan Dumas at 958-4634 /chyan@downtownwinnipegbiz.com or Craig Strike at 958-4644 /craig@downtownwinnipegbiz.com for an application form.
